Dear Program Director,

Behind the Door is a heartwarming story about a little man finding hope in the most difficult of places and finding warmth unlike anything he's ever experienced before.

A hidden child, a wounded dog, and mysterious man set the stage for an audio adventure like no other! For those of us looking for encouragement in this pilgrim's path, or those who are still at the door knocking, waiting to come in...this is a story of God's great love!

Blessings,

The Lamplighter Team
