A Note from the Producer

Lamplighter Theatre presents the wonderful radio dram, "Charlie's Choice." You'll meet fun-loving, lovable Charlie—a typical "all boy" boy whose family lives happily but very modestly.

One day, Charlie faces a choice that's anything but typical—the opportunity to be groomed as an heir by his wealthy grandfather, living in style at Grandfield Place. But there's one condition: his grandfather says Charlie must leave his beloved family behind if he's to grow up "properly." Little does the grandfather know that there are heart-gripping adventures in store for him as well.

Again, thank you for your encouragement. We hope you continue to enjoy Lamplighter Theatre as a family…as much as we enjoy creating these shows for you.
